### Program Synopsis: Cultural Diversity

As one of the 100 largest cities in America, the City of Irvine is dedicated to making the community a better place to live and work. Focusing attention on the City's growing cultural diversity and developing initiatives that promote cultural integration, Irvine is recognized as one of the most ethnically diverse and fully integrated cities in the country today.

The City of Irvine has a notably high number of Iranian-American residents, estimated at 25,000, and is a hub of cultural activity in Southern California with two Persian markets and one of the largest Persian New Year celebrations in the country.
